	Filing Date	02/28/2002
	Group Art Unit	1631
	Examiner Name	Zhou, Shubo
	Title	Calibration of Molecular Array Data

Sir:

This is supplemental to the Response to Notice of Non-Compliant Amendment filed January 26, 2007, and is being submitted in response to the Interview Summary mailed January 30, 2007, to discuss the substance of the interview.

The Telephone Interview

Applicants wish to extend their appreciation to the Examiner for the courtesy provided to Applicants' representative during the telephone interview of January 22, 2007. During the Interview, discussion was focused on amendment of the specification in a manner not including status identifiers. The Examiner further indicated that it was confusing to delete an underlined hyperlink by striking through it, as the underlining appears to be adding language. However, since the hyperlink was already previously underlined, Applicants' representative respectfully submitted that this technique should not be confusing. In any regard, the response filed on January 26, 2007 no longer contains this issue.

This account is believed to be a complete and accurate summary of the interview as required by 37 C.F.R. § 1.133. If the Examiner believes that this summary is inaccurate or incomplete, Applicants respectfully request that the Examiner point out any deficiencies in her next communication so that Applicants can amend or supplement the interview summary.

Conclusion

Applicants submit that all of the claims are in condition for allowance, which action is requested. If the Examiner finds that a telephone conference would expedite the prosecution of this application, please telephone the undersigned at the number provided.

The Commissioner is hereby authorized to charge any underpayment of fees associated with this communication, including any necessary fees for extensions of time, or credit any overpayment to Deposit Account No. 50-1078, order number 10020405-1.

Respectfully submitted,
